Company description :
Planet Expat provides career-boosting paid internships in some of the most innovative and dynamic Start-ups in Latin America, Europe and the USA. We connect students with promising start-ups abroad through a program that allows them to gain valuable professional experience in international environments while being key contributors to innovative projects.

We are currently hiring for the company below:

"We are a Berlin based startup founded in 2013 focused in the furniture industry. We have built a marketplace that connects decoration boutiques across Europe with people who are looking for unique furniture items. All the products featured in our website have been selected and curated by our experts. Through our platform, small boutiques can sell their products online to a global audience without having to manage payments or shipping logistics. We have also developed an online magazine about design with articles about design history, items and destinations, as well as interview with established and upcoming artists.

We are a team of over 20 people from several nationalities, located in an office surrounded by cafes, restaurants and bars. We have been featured in worldwide famous media outlets such as GQ, Marie Claire, Vogue, The New York Times and The Wall Street Journal among many others. We are currently working with over 700 galleries, shops, designers and makers of vintage and contemporary design internationally.

We are currently looking for a trainee to conduct help within our senior development team. We are looking for someone interested in what we do and wants to join a young team who is determined to disrupt the way people access to unique well-designed, furniture items across Europe."
