PLANET EXPAT IS HIRING A FRONT END DEVELOPMENT INTERN FOR INTERNSHIP FROM 3 TO 6 MONTHS.

Date : 01/06/2016

Job reference : 160407-13428295
Function : Internet - E-trade (Webmaster/Webdesign)
Type of contract : Internship
Localisation : Boulogne-Billancourt 00000, FR
Contract duration : From 3 to 6 months
Level of studies : Bachelor's Degree
Years of experience :
Company description :
Planet Expat provides career-boosting paid internships in some of the most innovative and dynamic Start-ups in Latin America, Europe and the USA. We connect students with promising start-ups abroad through a program that allows them to gain valuable professional experience in international environments while being key contributors to innovative projects.

We are currently hiring for the company below:

"We are an early-stage, France-based startup developing a platform that allows our users manage their content marketing and social media campaigns while tracking their performance in real time. We help companies and marketing agencies gather their marketing assets, making it easy for them to re-publish and re-promote their content.

We founded our company in early 2015 although we have been working on this project for the past two years. We are a team of six: three co-founders, a sales person and two interns. We are currently developing our presence in the French market, and we are ready to start our expansion to other countries in Europe.

We are currently looking to increase our team and expand our development team. You will be working in a very independently manner, developing and taking responsibilities on your own project, and you will be accountable for the result. You will work side by side with a friendly team within a dynamic environment and will have many opportunities to grow with the company."
